

IN THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claim 1-18 (*Cancelled*).

19. (*New*) A combination safety sheet/blanket for infants, comprising:

a flat sheet having a top surface, a bottom surface and two opposing ends, and having a plurality of hook and loop material pieces disposed along the opposing ends of said flat sheet;

a blanket having a top surface, a bottom surface, and a longitudinal midline, the blanket being sewn to the top surface of said sheet, defining at least two blanket portions;

blanket fastening means for temporarily fastening the two portions of said blanket together when the two portions are wrapped around an infant; and

means for attaching said sheet to a sleeping surface including a plurality of straps adapted for wrapping around a sleeping surface, each strap having a top surface, bottom surface and two opposing ends, at least one of the ends of each said strap having a strip of hook and loop material attached thereto for releasable attachment to said flat sheet; and

a flat spacer, each said strap being coupled to said spacer;

whereby the two portions of said blanket may be wrapped about an infant and secured by said blanket fastening means in order to retain the infant in a supine position while sleeping.

Application No. : 10/630,931
Art Unit: 3673

Attorney Docket No. 20279.04

20. (New) The safety sheet/blanket combination of claim 19, wherein each said strap being attached to said spacer.

21. (New) The safety sheet/blanket combination of claim 19, said spacer including a plurality of apertures;

wherein each said strap being threaded through one of said apertures of said spacer.

Claim 22. (New) The safety sheet/blanket combination of claim 19, further comprising snap fasteners disposed at the top and bottom surfaces of said first blanket portion and the top and bottom surfaces of said second blanket portion for reducing the width of said blanket.

Claim 23. (New) The safety sheet/blanket combination of claim 19, further comprising first and second fasteners disposed on said flat sheet along each of said opposing ends for selectively reducing the width of said flat sheet.
